#### RECENT DEVELOPMENTS

Executing plans to improve cash flow, including asset sales and prioritization of capital expenditures.

Unconsolidated Seating (incl. SS&M) revenue increased to \$2.4B in Q3; equity income of \$75M.

Adient's aircraft seating concepts are generating strong customer interest, driving numerous RFIs and RFQs; the joint venture with Boeing is expected to begin operations once clearance from all anti-trust regulatory jurisdictions is secured.

Launched a €200M accounts receivable financing facility which provides a low-cost source of funds.

# Cautionary Statement Regarding Forward-Looking Statements:

Adjent has made statements in this document that are forward-looking and, therefore, are subject to risks and uncertainties. All statements in this document other than statements of historical fact are statements that are, or could be, deemed "forwardlooking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In this document, statements regarding Adient's future financial position, sales, costs, earnings, cash flows, other measures of results of operations, capital expenditures or debt levels and plans, objectives, outlook, targets, quidance or goals are forward-looking statements. Words such as "may," "will," "expect," "intend," "estimate," "anticipate," "believe," "should," "forecast," "project" or "plan" or terms of similar meaning are also generally intended to identify forward-looking statements. Adient cautions that these statements are subject to numerous important risks, uncertainties, assumptions and other factors, some of which are beyond Adient's control, that could cause Adient's actual results to differ materially from those expressed or implied by such forward-looking statements, including, among others, risks related to: the impact of tax reform legislation through the Tax Cuts and Jobs Act, uncertainties in U.S. administrative policy regarding trade agreements, tariffs and other international trade relations, the ability of Adient to execute its SS&M turnaround plan, the ability of Adient to identify, recruit and retain key leadership, the ability of Adient to meet debt service requirements, the ability and terms of financing, general economic and business conditions, the strength of the U.S. or other economies, automotive vehicle production levels, mix and schedules, energy and commodity prices, the availability of raw materials and component products, currency exchange rates, the ability of Adient to effectively integrate the Futuris business, and cancellation of or changes to commercial arrangements. A detailed discussion of risks related to Adient's business is included in the section entitled "Risk Factors" in Adient's Annual Report on Form 10-K for the fiscal year ended September 30, 2017 filed with the SEC on November 22, 2017 and quarterly reports on Form 10-Q filed with the SEC, available at www.sec.gov. Potential investors and others should consider these factors in evaluating the forward-looking statements and should not place undue reliance on such statements. The forward-looking statements included in this document are made only as of the date of this document, unless otherwise specified, and, except as required by law, Adient assumes no obligation, and disclaims any obligation, to update such statements to reflect events or circumstances occurring after the date of this document.

In addition, this document includes certain projections provided by Adient with respect to the anticipated future performance of Adient's businesses. Such projections reflect various assumptions of Adient's management concerning the future performance of Adient's businesses, which may or may not prove to be correct. The actual results may vary from the anticipated results and such variations may be material. Adient does not undertake any obligation to update the projections to reflect events or circumstances or changes in expectations after the date of this document or to reflect the occurrence of subsequent events. No representations or warranties are made as to the accuracy or reasonableness of such assumptions or the projections based thereon.

#### Use of Non-GAAP Financial Information:

This document also contains non-GAAP financial information because Adient's management believes it may assist investors in evaluating Adient's on-going operations. Adient believes these non-GAAP disclosures provide important supplemental information to management and investors regarding financial and business trends relating to Adient's financial condition and results of operations. Investors should not consider these non-GAAP measures as alternatives to the related GAAP measures. A reconciliation of non-GAAP measures to their closest GAAP equivalent are included in the appendix. Reconciliations of non-GAAP measures related to FY2018 guidance have not been provided due to the unreasonable efforts it would take to provide such reconciliations.

#### 1. Segment Results

During the second quarter of fiscal 2018, Adient restructured certain of its management organization resulting in a realignment of its reportable segments. Adient also began using adjusted EBITDA to assess the performance of its segments and ceased allocating certain corporate-related costs to its segments. Prior period segment information has been recast to align with this change in organizational structure, the use of a new performance metric and to reflect unallocated corporate-related costs. Pursuant to this change, Adient now operates in the following three reportable segments for financial reporting purposes:

- Seating: This segment produces complete seat systems for automotive and other mobility applications, as well as certain components of complete seat systems, such as foam, trim and fabric.
- Seat Structures & Mechanisms (SS&M): This segment produces seat structures and mechanisms for inclusion in complete seat systems that are produced by Adient or others.
- Interiors: This segment, derived from Adient's global automotive interiors joint ventures, produces instrument panels, floor consoles, door panels, overhead consoles, cockpit systems, decorative trim and other products.

Adient evaluates the performance of its reportable segments using an adjusted EBITDA metric defined as income before income taxes and noncontrolling interests, excluding net financing charges, qualified restructuring and impairment costs, restructuring related-costs, incremental "Becoming Adient" costs, separation costs, net mark-to-market adjustments on pension and postretirement plans, transaction gains/losses, purchase accounting amortization, depreciation, stock-based compensation and other non-recurring items ("Adjusted EBITDA"). Also, certain corporate-related costs are not allocated to the segments. The reportable segments are consistent with how management views the markets served by Adient and reflect the financial information that is reviewed by its chief operating decision maker.

Financial information relating to Adient's reportable segments is as follows:

#### 3. Non-GAAP Measures

Adjusted EBIT, Adjusted EBIT margin, Adjusted EBITDA, Adjusted EBITDA margin, Adjusted net income attributable to Adient, Adjusted effective tax rate, Adjusted earnings per share, Adjusted equity income, Adjusted free cash flow, Net debt and Net leverage as well as other measures presented on an adjusted basis are not recognized terms under U.S. GAAP and do not purport to be alternatives to the most comparable U.S. GAAP amounts. Since all companies do not use identical calculations, our definition and presentation of these measures may not be comparable to similarly titled measures reported by other companies. Management uses the identified non-GAAP measures to evaluate the operating performance of the Company and its business segments and to forecast future periods. Management believes these non-GAAP measures may assist investors and other interested parties in evaluating Adient's on-going operations and provide important supplemental information to management and investors regarding financial and business trends relating to Adient's financial condition and results of operations. Investors should not consider these non-GAAP measures as alternatives to the related GAAP measures. Reconciliations of non-GAAP measures to their closest U.S. GAAP equivalent are presented below. Reconciliations of non-GAAP measures related to FY 2018 guidance have not been provided due to the unreasonable efforts it would take to provide such reconciliations.

- Adjusted EBIT is defined as income before income taxes and noncontrolling interests excluding net financing charges, restructuring, impairment and related costs, purchase accounting amortization, transaction gains/losses, expenses associated with becoming an independent company, other significant non-recurring items, and net mark-to-market adjustments on pension and postretirement plans. Adjusted EBIT margin is adjusted EBIT as a percentage of net sales.
- Adjusted EBITDA is defined as adjusted EBIT excluding depreciation and stock based compensation. Certain corporaterelated costs are not allocated to the business segments in determining Adjusted EBITDA. Adjusted EBITDA margin is adjusted EBITDA as a percentage of net sales.
- Adjusted net income attributable to Adient is defined as net income attributable to Adient excluding restructuring, impairment and related costs, purchase accounting amortization, transaction gains/losses, Becoming Adient/separation costs, other significant non-recurring items, net mark-to-market adjustments on pension and postretirement plans, the tax impact of these items and other discrete tax charges/benefits.
- Adjusted effective tax rate is defined as adjusted income tax provision as a percentage of adjusted income before income taxes
- Adjusted earnings per share is defined as Adjusted net income attributable to Adient divided by diluted weighted average shares.
- Adjusted equity income is defined as equity income excluding amortization of Adient's intangible assets related to its non-consolidated joint ventures and other unusual items impacting equity income.
- Free cash flow is defined as cash from operating activities less capital expenditures.
- Net debt is calculated as gross debt less cash and cash equivalents.
- Net leverage is calculated as net debt divided by the last twelve months of adjusted EBITDA.

#### 4. Revisions to Previously Reported Amounts

As disclosed at 2017 fiscal year end, Adient revised previously reported results to adjust equity income from a non-consolidated joint venture related to engineering costs that were inappropriately capitalized. Adient also revised previously reported net sales and cost of sales to present certain components of a contract on a net basis. The following tables disclose the quarterly impact for the three months ended June 30, 2017 of such previously disclosed revisions. Adient assessed the materiality of these misstatements on prior periods' financial statements in accordance with SEC Staff Accounting Bulletin ("SAB") No. 99, Materiality, codified in ASC 250 ("ASC 250"), Presentation of Financial Statements, and concluded that these misstatements were not material to any prior annual or interim periods. Accordingly, in accordance with ASC 250 (SAB No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements), the consolidated financial statements as of and for the three months ended June 30, 2017, which are presented herein, have been revised. The following table illustrates the effect of these revisions on impacted line items in Adient's consolidated financial statements.
